Please call 1-800-354-0222 for assistance regarding inquiries, resolving a complaint or obtaining information about Benefits and coverage.

Note: Call the telephone number on your ID card, or check our website www.myuhc.com to determine appropriate providers to contact in the case of an Emergency Medical Condition and other information regarding Emergency Health Care Services within the community. In some cases, the most cost effective action may be to visit an Urgent Care Center. Check your Summary of Benefits to determine the Co-payment or Co-insurance for a visit to the Urgent Care Center or your Physician's office, rather than seeking care at an emergency room in a Hospital.

Our website www.myuhc.com also includes a health care cost estimator and information regarding plan details, such as Co-payments and Co-insurance for various services, any required deductible and the status of your Out-of-Pocket Limit.

WARNING: LIMITED BENEFITS WILL BE PAID WHEN OUT-OF-NETWORK PROVIDERS ARE USED. You should be aware that when you elect to utilize the services of an out-of-Network provider for a covered service (other than Emergency Health Care Services) benefit payments to the out-of-Network provider are not based upon the amount the out-of-Network provider charges. The basis of the payment will be determined according to the Contract's out-of-Network reimbursement benefit. Out-of-Network providers may bill you for any difference in the amount. **YOU MAY BE REQUIRED TO PAY MORE THAN THE CO-INSURANCE OR CO-PAYMENT AMOUNT.**

The Certificate of Coverage and Summary of Benefits contain a deductible.

What Is the Certificate of Coverage?

This *Certificate of Coverage (Certificate)* is part of the Policy that is a legal document between Neighborhood Health Partnership, Inc. and the Group. The *Certificate* describes Covered Health Care Services, subject to the terms, conditions, exclusions and limitations of the Policy. We issue the Policy based on the Group's *Application* and payment of the required Policy Charges.

In addition to this *Certificate,* the Policy includes:

- The *Schedule of Benefits.*
- The Group's *Application.*
- Riders, including the *Outpatient Prescription Drug Rider* , the *Pediatric Dental Services Rider* and the *Pediatric Vision Care Services Rider* .
- Amendments.

You can review the Policy at the Group's office during regular business hours.

Can This Certificate Change?

We may, from time to time, change this *Certificate* by attaching legal documents called Riders and/or Amendments that may change certain provisions of this *Certificate.* When this happens we will send you a new *Certificate,* Rider or Amendment.

Other Information You Should Have

We have the right to change, interpret, withdraw or add Benefits, or to end the Policy, as permitted by law, without your approval.

On its effective date, this *Certificate* replaces and overrules any *Certificate* that we may have previously issued to you. This *Certificate* will in turn be overruled by any *Certificate* we issue to you in the future.

The Policy will take effect on the date shown in the Policy. Coverage under the Policy starts at 12:01 a.m. and ends at 12:00 midnight in the time zone of the Group's location. The Policy will remain in effect as long as the Policy Charges are paid when they are due, subject to *Section 4: When Coverage Ends.*

We are delivering the Policy in Florida. The Policy is subject to the laws of the state of Florida and ERISA, unless the Group is not a private plan sponsor subject to ERISA. To the extent that state law applies, Florida law governs the Policy.

Introduction to Your Certificate

This *Certificate* and the other Policy documents describe your Benefits, as well as your rights and responsibilities, under the Policy.

What Are Defined Terms?

Your Responsibilities

Enrollment and Required Contributions

Benefits are available to you if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins.* To be enrolled and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the requirements of the Policy issued to your Group, including the eligibility requirements.
- You must qualify as a Subscriber or a Dependent as those terms are defined in *Section 9: Defined Terms.*

Your Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy. If you have questions about this, contact your Group.

Be Aware the Policy Does Not Pay for All Health Care Services

The Policy does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

WARNING: LIMITED BENEFITS WILL BE PAID WHEN OUT-OF-NETWORK PROVIDERS ARE USED. You should be aware that when you elect to utilize the services of an out-of-network provider for a Covered Health Care Service (other than Emergency Health Care Services), benefit payments to the out-of-network provider are not based upon the amount the out-of-network provider charges. The basis of the payment will be determined according to the Policy's out-of-network reimbursement benefit. Out-of-network providers may bill you for any difference in the amount.

YOU MAY BE REQUIRED TO PAY MORE THAN THE CO-INSURANCE OR CO-PAYMENT AMOUNT.

Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Care Services from an out-of-Network provider, you are responsible for obtaining prior authorization before you receive the services. For detailed information on the Covered Health Care Services that require prior authorization, please refer to the *Schedule of Benefits.*

Pay Your Share

You must meet any applicable deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Co-payment and Co-insurance amounts are listed in the *Schedule of Benefits.*

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with the Policy's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim.*

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health care services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under the Policy for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.

Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether the Policy will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the final authority to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *Certificate,* the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may assign this authority to other persons or entities that may provide administrative services for the Policy, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits,* unless the service is excluded in *Section 2: Exclusions and Limitations.* This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Policy.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Care Services Provided by Out-of-Network Providers

In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim.*

WARNING: LIMITED BENEFITS WILL BE PAID WHEN OUT-OF-NETWORK PROVIDERS ARE USED. You should be aware that when you elect to utilize the services of an out-of-network provider for a Covered Health Care Service (other than Emergency Health Care Services), benefit payments to the out-of-network provider are not based upon the amount the out-of-network provider charges. The basis of the payment will be determined according to the Policy's out-of-network reimbursement benefit. Out-of-network providers may bill you for any difference in the amount.

YOU MAY BE REQUIRED TO PAY MORE THAN THE CO-INSURANCE OR CO-PAYMENT AMOUNT.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, as we determine, in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT),* a publication of the *American Medical Association,* and/or the *Centers for Medicare and Medicaid Services (CMS).*
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our

reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting us at www.myuhc.com or the telephone number on your ID card.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group.* Refer to our website at www.myuhc.com for informatio n regarding the vendor that provides the applicable methodology.

Offer Health Education Services to You

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

Section 1: Covered Health Care Services

When Are Benefits Available for Covered Health Care Services?

Section 3: When Coverage Begins

How Do You Enroll?

Eligible Persons must complete an enrollment form given to them by the Group. The Group will submit the completed forms to us, along with any required Premium. We will not provide Benefits for health care services that you receive before your effective date of coverage.

What If You Are Hospitalized When Your Coverage Begins?

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the Policy.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. For plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Care Services from Network providers.

Who Is Eligible for Coverage?

The Group determines who is eligible to enroll and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee or member of the Group who meets the eligibility rules. When an Eligible Person enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Group and Subscriber, see *Section 9: Defined Terms.*

Eligible Persons must live or work within the state of Florida.

If both spouses are Eligible Persons of the Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms.*

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date shown in the Policy. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

Open Enrollment Period

The Group sets the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

Adding New Dependents

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.
- Registering a Domestic Partner.

Coverage for the Dependent, except for newborns, begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event. For newborns, coverage begins at the moment of birth if the newborn is enrolled by the Subscriber as described below. For newborns placed for adoption or foster care, coverage begins from the moment of birth if there is an agreement to place or adopt the newborn and the newborn is ultimately placed in the Subscriber's home. For newborns, adopted children and children placed for foster care, no Premium will be charged for the first 31 days if written notice to enroll the new dependent is given within 31 days of the event. If the Subscriber fails to enroll the new dependent within 31 days but does so within 63 days of the event, the Subscriber will be required to pay an additional Premium from the date of birth or placement. If written notice is not given within 63 days of birth or placement, the newborn, foster child or adopted child may be enrolled during any Open Enrollment Period.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan ended for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if any of the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP).* Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period and coverage under the prior plan ended because of any of the following:
  - Loss of eligibility (including legal separation, divorce or death).
  - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
  - In the case of COBRA continuation coverage, the coverage ended.
  - The Eligible Person and/or Dependent no longer resides, lives or works in an HMO service area if no other benefit option is available.
  - The plan no longer offers benefits to a class of individuals that includes the Eligible Person and/or Dependent.
  - The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP).* Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, we may end the Policy and/or all similar benefit plans at any time for the reasons explained in the Policy.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended). Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that if you are subject to the *Extended Coverage for Total Disability* provision later in this section, entitlement to Benefits ends as described in that section.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

  Your coverage ends on the date the Policy ends. In this event, the Group is responsible for notifying you that your coverage has ended. If we end your coverage because of a decision to no longer issue this particular type of health benefit plan, we will provide written notice to you at least 90 days prior to the renewal date of the Policy. If we end your coverage because of a decision to no longer issue any type of health benefit plan, we will provide written notice to you and the applicable state authority at least 180 days prior to the renewal date of the Policy.

- **The Subscriber No Longer Lives or Works within the State of Florida**

  Your coverage ends on the last day of the calendar month in which the Subscriber no longer lives or works in the state of Florida. Coverage will end on the date of that move, even if the Subscriber does not notify us. The Subscriber or the Group must notify us if the Subscriber moves from the state of Florida.

- **You Are No Longer Eligible**

  Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. At least 45 days advance notice detailing this end of coverage eligibility will be sent to the Subscriber. Please refer to *Section 9: Defined Terms* for definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

  For an Enrolled Dependent:

  - ♦ Coverage for a newborn child of an Enrolled Dependent ends on the last day of the calendar month in which the child reaches 18 months of age.
  - ♦ Coverage for all other Enrolled Dependents continues until the end of the calendar year in which the Enrolled Dependent reaches the limiting age.

- **We Receive Notice to End Coverage**

  The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends on the last day of the calendar month in which we receive the required notice from the Group to end your coverage, or on the date requested in the notice, if later.

- **Subscriber Retires or Is Pensioned**

  The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends the last day of the calendar month in which the Subscriber is retired or receiving benefits under the Group's pension or retirement plan.

This provision applies unless there is specific coverage classification for retired or pensioned persons in the Group's *Application,* and only if the Subscriber continues to meet any applicable eligibility requirements. The Group can provide you with specific information about what coverage is available for retirees.

Fraud or Intentional Misrepresentation of a Material Fact

We will provide at least 45 days advance required notice to the Subscriber that coverage will end on the date we identify in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

Coverage for a Disabled Dependent Child

Coverage for an Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental, or physical disability.
- The Enrolled Dependent child depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Policy.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age.

We may continue to ask you for proof that the child continues to be disabled and dependent. We will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Extended Coverage for Pregnancy

If a Covered Person is pregnant on the date the entire Contract is terminated, Benefits for the Pregnancy will be extended to Covered Health Care Services related directly to the Pregnancy. Such Benefits will be extended until the Pregnancy ends, regardless of whether the Enrolling Group or other entity secures replacement coverage from a new carrier or foregoes the provision of coverage.

Extended Coverage for Total Disability

Coverage when you are Totally Disabled on the date the entire Policy ends will not end automatically. We will extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Twelve months from the date coverage would have ended when the entire Policy ends.

Continuation of Coverage and Conversion

If your coverage ends under the Policy, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under *COBRA* (the federal *Consolidated Omnibus Budget Reconciliation Act)* is available only to Groups that are subject to the terms of *COBRA.* Contact your plan administrator to find out if your Group is subject to the provisions of *COBRA.*

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Policy,

continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

Qualifying Events for Continuation Coverage under State Law

Florida continuation applies only to Enrolling Groups with fewer than 20 employees. Coverage must have ended due to one of the following qualifying events:

- Termination of the Subscriber from employment with the Enrolling Group for any reason except gross misconduct.
- Termination of coverage due to loss of eligibility as a Subscriber or an Enrolled Dependent.
- For an Enrolled Dependent, termination of coverage due to the Subscriber's death, loss of eligibility due to divorce or legal separation, entitlement of the Subscriber to Medicare benefits.
- For retired Subscribers and his or her Enrolled Dependents, termination of coverage if the Enrolling Group files for bankruptcy or if there is a substantial elimination of coverage within one year before or after the date bankruptcy was filed.

Notification Requirements and Election Period for Continuation Coverage under State Law

You must notify us within 63 days after the qualifying event occurs. Your written notice must list the following:

- Qualifying event.
- Name of the Enrolling Group.
- Group plan number (refer to your ID card).
- Names and addresses for you and your Enrolled Dependents.
- Within 14 days of receiving your written notice, we will send, via certified mail, each person an election and premium notice form. However, only one notice will be sent to those residing in the same household. You must elect continuation coverage and pay the initial premium within 30 days of receiving this notification. We will bill you for subsequent premiums, due on the first day of each month. Such premiums must be paid by the end of the 30-day grace period. Premiums will not exceed 115% of the group rate.
- **Note:** If you are disabled at the time of the qualifying event, you must notify us of your disability within 60 days after determination of the disability and in no event, later than the end of the first 18 months of continuation, in order to be eligible to extend your continuation coverage beyond the 18 months (refer to *Terminating Events for Continuation Coverage under State Law).* If you provide the notice, you are eligible for up to a maximum of 29 months of coverage from the date of the qualifying event. When the disability ends, you must notify us within 30 days of such determination. We may charge up to 150% of the group rate during the 11 month disability extension.

Terminating Events for Continuation Coverage under State Law

Continuation coverage under the Contract will end on the earliest of the following dates:

- 18 months from the date your continuation began.
- 29 months from the date your continuation began if you were disabled at the time of the qualifying event.
- The date any disability ends.
- The date coverage ends for failure to make timely payment of the Premium.
- The date coverage ends because you violate a material condition of the Contract.

- The date coverage is or could be obtained under any other group health plan. If the other group health plan contains any Preexisting Condition exclusion, continuation coverage under the Contract for health services related to the Preexisting Condition will continue until the date the Preexisting Condition waiting period ends.
- The date you are or could be covered by Medicare.
- The date the entire Contract ends.

Conversion

If your coverage ends for one of the reasons described below, you may apply for conversion coverage without furnishing evidence of insurability.

Reasons for termination:

- The Subscriber is retired or pensioned.
- You cease to be eligible as a Subscriber or Enrolled Dependent.
- Continuation coverage ends.
- The entire Policy ends and is not replaced.

The conversion coverage shall be issued pursuant to the limitations of Fla. Stat. §641.3921.

Application and payment of the first Premium must be made within 31 days after coverage ends under the Policy. Conversion coverage will be issued in accordance with the terms and conditions in effect at the time of application. Conversion coverage may be substantially different from coverage provided under the Policy.

Section 5: How to File a Claim

How Are Covered Health Care Services from Network Providers Paid?

We pay Network providers directly for your Covered Health Care Services. If a Network provider bills you for any Covered Health Care Service, contact us. However, you are required to meet any applicable deductible and to pay any required Co-payments and Co-insurance to a Network provider.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health care service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

OptumRX

PO Box 650629

Dallas, TX 75265-0629

Payment of Benefits

If you provide written authorization to allow this, all or a portion of any Allowed Amounts due to a provider may be paid directly to the provider instead of being paid to the Subscriber. We will not reimburse third parties that have purchased or been assigned benefits by Physicians or other providers.

Benefits will be paid to you unless either of the following is true:

- The provider notifies us that your signature is on file, assigning benefits directly to that provider.
- You make a written request at the time you submit your claim.

Allowed Amounts due to an out-of-Network provider for Covered Health Care Services that are subject to the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

You may not assign your Benefits under the Policy or any cause of action related to your Benefits under the Policy to an out-of-Network provider without our consent. When an assignment is not obtained, we will send the

reimbursement directly to the Subscriber for reimbursement to an out-of-Network provider. We may, as we determine, pay an out-of-Network provider directly for services rendered to you. In the case of any such assignment of Benefits or payment to an out-of-Network provider, we have the right to offset Benefits to be paid to the provider by any amounts that the provider owes us.

When you assign your Benefits under the Policy to an out-of-Network provider with our consent, and the out-of-Network provider submits a claim for payment, you and the out-of-Network provider represent and warrant the following:

- The Covered Health Care Services were actually provided.
- The Covered Health Care Services were medically appropriate.

Allowed Amounts due to an out-of-Network provider for Covered Health Care Services that are subject to the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

Payment of Benefits under the Policy shall be in cash or cash equivalents, or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans' recovery rights for value.

If the representative cannot resolve the issue over the phone, he/she can help you prepare and submit a written complaint. We will notify you of our decision regarding your complaint within 60 days of receiving it.

How Do You Appeal a Claim Decision?

Post-service Claims

Post-service claims are claims filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with a pre-service request for Benefit determination, post-service claim determination or a rescission of coverage determination, you can contact us in writing to request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 365 days after you receive the denial of a pre-service request for Benefits or the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. We may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures related to urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as defined above, the appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied request for Benefits.
- For appeals of post-service claims as defined above, the appeal will take place and you will be notified of the decision within 60 days from receipt of a request for appeal of a denied claim.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in our decision letter to you.

Urgent Appeals that Require Immediate Action

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to pre-scheduled treatments, therapies or surgeries.

Federal External Review Program

You may be entitled to request an external review of our determination after exhausting your internal appeals if either of the following apply:

- You are not satisfied with the determination made by us.
- We fail to respond to your appeal within the timeframe required by the applicable regulations.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address listed in the determination letter. You or your representative may request an expedited external review, in urgent situations as defined below, by contacting us at the telephone number on your ID card or by sending a written request to the address listed in the determination letter. A request must be made within four months after the date you received our final appeal decision.

An external review request should include all of the following:

- A specific request for an external review.
- Your name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.

- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an *Independent Review Organization (IRO).* We have entered into agreements with three or more *IROs* that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review includes all of the following:

- A preliminary review by us of the request.
- A referral of the request by us to the *IRO.*
- A decision by the *IRO.*

After receipt of the request, we will complete a preliminary review within the applicable timeframe, to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Policy at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that we may process the request.

After we complete this review, we will issue a notification in writing to you. If the request is eligible for external review, we will assign an *IRO* to conduct such review. We will assign requests by either rotating the assignment of claims among the *IROs* or by using a random selection process.

The *IRO* will notify you in writing of the request's eligibility and acceptance for external review and if necessary, for any additional information needed to conduct the external review. You will generally have to submit the additional information in writing to the *IRO* within ten business days after the date you receive the *IRO's* request for the additional information. The *IRO* is not required to, but may accept and consider additional information submitted by you after ten business days.

We will provide to the assigned *IRO* the documents and information considered in making our determination. The documents include:

- All relevant medical records.
- All other documents relied upon by us.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request. We will include it with the documents forwarded to the *IRO.*

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by us. The *IRO* will provide written notice of its determination (the *"Final External Review Decision")* within 45 days after it receives the request for the external review (unless they request additional time and you agree). The *IRO* will deliver the notice of *Final External Review Decision* to you and us, and it will include the clinical basis for the determination.

If we receive a *Final External Review Decision* reversing our determination, we will provide coverage or payment for the Benefit claim at issue according to the terms and conditions of the Policy, and any applicable law regarding plan remedies. If the *Final External Review Decision* agrees with our determination, we will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The main difference between the two is that the time periods for completing certain portions of the review process are much shorter for the expedited external review, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review, separately or at the same time you have filed a request for an expedited internal appeal, if you receive either of the following:

- An adverse benefit determination of a claim or appeal that involves a medical condition for which the time frame for completion of an expedited internal appeal would either jeopardize:
  - The life or health of the individual.
  - The individual's ability to regain maximum function.

In addition, you must have filed a request for an expedited internal appeal.

- A final appeal decision, that either:
  - Involves a medical condition where the timeframe for completion of a standard external review would either jeopardize the life or health of the individual or jeopardize the individual's ability to regain maximum function.
  - Concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency care services, but has not been discharged from a facility.

Immediately upon receipt of the request, we will determine whether the individual meets both of the following:

- Is or was covered under the Policy at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that we may process the request.

After we complete the review, we will send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, we will assign an *IRO* in the same manner we utilize to assign standard external reviews to *IROs.* We will provide all required documents and information considered in making the adverse benefit determination or final adverse benefit determination to the assigned *IRO* electronically or by telephone or facsimile or any other available method in a timely manner. The *IRO,* to the extent the information or documents are available and the *IRO* considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by us. The *IRO* will provide notice of the final external review decision for an expedited external review as quickly as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the *IRO* receives the request. If the IRO's final external review decision is first communicated verbally, the *IRO* will follow-up with a written confirmation of the decision within 48 hours of that verbal communication.

You may call us at the telephone number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating benefits.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

A. **Plan.** A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. **Order of Benefit Determination Rules.** The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, co-insurance and co-payments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable

Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.

E. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

F. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

   a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

      (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or

      (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.

   b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

      (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

      (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.

      (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.

      (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

         (a) The Plan covering the Custodial Parent.

         (b) The Plan covering the Custodial Parent's spouse.

         (c) The Plan covering the non-Custodial Parent.

         (d) The Plan covering the non-Custodial Parent's spouse.

   c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.

   d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.

      (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

How Are Benefits Paid When This Plan is Secondary to Medicare?

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits.

Section 8: General Legal Provisions

What Is Your Relationship with Us?

It is important for you to understand our role with respect to the Group's Policy and how it may affect you. We help finance or administer the Group's Policy in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Group's Policy will cover or pay for the health care that you may receive. The Policy pays for Covered Health Care Services, which are more fully described in this *Certificate.*

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

What Is Our Relationship with Providers and Groups?

We have agreements in place that govern the relationship between us, our Groups and Network providers, some of which are affiliated providers. Network providers enter into agreements with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Group's Policy. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Group's Policy.

The Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of when the Policy ends.

When the Group purchases the Policy to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor.*

What Is Your Relationship with Providers and Groups?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.
- Paying, directly to your provider, any amount identified as a member responsibility, including Co-payments, Co-insurance, any deductible and any amount that exceeds the Allowed Amount, when applicable.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.
- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice

When we provide written notice regarding administration of the Policy to an authorized representative of the Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Group is responsible for giving notice to you.

Statements by Group or Subscriber

All statements made by the Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties and that no statement made for the purpose of effecting coverage will avoid coverage or reduce benefits. We will not use any statement made by the Group to void the Policy unless it is a fraudulent, written statement signed by the Group or Subscriber.

Any misstatement made in the application, after two (2) years from the Policy's issue date, only fraudulent misstatements in the application will be used to void the Policy or to deny any claim for loss incurred or disability starting after the two (2) year period.

Do We Pay Incentives to Providers?

We pay Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. The applicable Co-payment and/or Co-insurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Co-payment and/or Co-insurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Co-payment and/or Co-insurance as described in the *Schedule of Benefits.*

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also call us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above.

Are Incentives Available to You?

Sometimes we may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking

part in such programs with your Physician. Contact us at www.myuhc.com or the telephone number on your ID card if you have any questions.

Do We Receive Rebates and Other Payments?

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Co-insurance.

Who Interprets Benefits and Other Provisions under the Policy?

We have the final authority to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this *Certificate,* the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may assign this authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Who Provides Administrative Services?

We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy

To the extent permitted by law, we have the right, as we determine and without your approval, to change, interpret, withdraw or add Benefits or end the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments and Riders to the Policy are effective upon the Group's next anniversary date, except as otherwise permitted by law.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

How Do We Use Information and Records?

We may use your individually identifiable health information as follows:

- To administer the Policy and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information

confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices.*

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Policy.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices.*

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

Do We Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to benefits we may require that a Network Physician of our choice examine you at our expense.

Is Workers' Compensation Affected?

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Subrogation and Reimbursement

We have the right to subrogation and reimbursement. References to "you" or "your" in this *Subrogation and Reimbursement* section shall include you, your Estate and your heirs and beneficiaries unless otherwise stated.

Subrogation applies when we have paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that we are substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that we have paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation Example:

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Policy to treat your injuries. Under subrogation, the Policy has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to us 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement Example:

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Policy as a

result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the Policy 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- Your employer in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
  - Notifying us, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
  - Providing any relevant information requested by us.
  - Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or injuries.
  - Making court appearances.
  - Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
  - Complying with the terms of this section.

  Your failure to cooperate with us is considered a breach of contract. As such, we have the right to terminate or deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to you or your representative not cooperating with us. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.
- We have a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- Our subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your Estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. We are not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from our recovery without our express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.

- Regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which we may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit our subrogation and reimbursement rights.
- Benefits paid by us may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and we allege some or all of those funds are due and owed to us, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits under the Policy, you agree that (i) any amounts recovered by you from any third party shall constitute Policy assets (to the extent of the amount of Benefits provided on behalf of the Covered Person), (ii) you and your representative shall be fiduciaries of the Policy (within the meaning of ERISA) with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by us to enforce its reimbursement rights.
- Our right to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from us, you agree to assign to us any benefits, claims or rights of recovery you have under any automobile policy - including no-fault benefits, PIP benefits and/or medical payment benefits - other coverage or against any third party, to the full extent of the Benefits we have paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting benefits, you acknowledge and recognize our right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- We may, at our option, take necessary and appropriate action to preserve our rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your Estate's name, which does not obligate us in any way to pay you part of any recovery we might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Policy is governed by a six year statute of limitations.
- You may not accept any settlement that does not fully reimburse us, without our written approval.
- We have the final authority to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death our right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse us is not extinguished by a release of claims or settlement agreement of any kind.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse us for 100% of our interest unless we provide written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under the Policy, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the Policy pertaining to reimbursement, we may terminate Benefits to you, your dependents or the subscriber, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to your failure to abide by the terms of the Policy. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from

you. You will also be required to pay interest on any amounts you hold which should have been returned to us.

- We and all Administrators administering the terms and conditions of the Policy's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of our final authority to (1) construe and enforce the terms of the Policy's subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to us.

When Do We Receive Refunds of Overpayments?

If we pay Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, you agree to help us get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the Policy. If the refund is due from a person or organization other than you, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Policy; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which we make payments, pursuant to a transaction in which our overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Is There a Limitation of Action?

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals.* After completing that process, if you want to bring a legal action against us you must do so within five years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

- Emergency Health Care Services include items and services otherwise covered under the Policy when provided by an out-of-Network provider or facility (regardless of the department of the Hospital in which the items and services are provided) after the patient is stabilized and as part of outpatient observation, or an Inpatient Stay or outpatient stay that is connected to the original Emergency Medical Condition, unless each of the following conditions are met:

Emergency Medical Condition - a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- Serious impairment to bodily functions; or
- Serious dysfunction of any bodily organ or part.

With respect to a pregnant woman:

4. Only obtainable, with regard to outcomes for the given indication, within research settings.

Exceptions:

- Clinical trials for which Benefits are available as described under *Clinical Trials* in *Section 1: Covered Health Care Services.*
- We may, as we determine, consider an otherwise Experimental or Investigational Service to be a Covered Health Care Service for that Sickness or condition if:
    - You are not a participant in a qualifying clinical trial, as described under *Clinical Trials* in *Section 1: Covered Health Care Services;* and
    - You have a Sickness or condition that is likely to cause death within one year of the request for treatment.

- It has 24-hour nursing services.
- It is accredited as a Hospital by the *Joint Commission on Accreditation of Healthcare Organizations* or by the *American Osteopathic Hospital Association.*

A Hospital is not mainly a place for rest, Custodial Care or care of the aged. It is not a nursing home, convalescent home or similar institution.

Note: If services specifically for the treatment of a physical disability are provided in a licensed Hospital which, is accredited by the *Joint Commission on the Accreditation of Healthcare Organizations,* the *American Osteopathic Association* or the *Commission on the Accreditation of Rehabilitative Facilities,* payment for such services will not be denied solely because such Hospital lacks major surgical facilities or is primarily of a rehabilitative nature. Recognition of these facilities does not expand the scope of Covered Health Care Services under the Policy. It only expands the setting where Covered Health Care Services may be performed.

Hospital-based Facility - an outpatient facility that performs services and submits claims as part of a Hospital.

- Not more costly than an alternative drug, service(s), service site or supply that is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your Sickness, Injury, disease or symptoms.

Generally Accepted Standards of Medical Practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We have the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of experts and the determination of when to use any such expert opinion, shall be determined by us.

We develop and maintain clinical policies that describe the *Generally Accepted Standards of Medical Practice* scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. Schedule of Benefits

How Do You Access Benefits?

Selecting a Network Primary Care Physician

You must select a Network Primary Care Physician who is located in the geographic area of the permanent residence of the Subscriber. In general health care terminology, a Primary Care Physician may also be referred to as a *PCP.* A Network Primary Care Physician will be able to coordinate all Covered Health Care Services and promote continuity of care. If you are the custodial parent of an Enrolled Dependent child, you must select a Network Primary Care Physician who is located in the geographic area of the permanent residence of the Subscriber for that child.

You may designate a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that provider's license under applicable state law) as the Network Primary Care Physician for an Enrolled Dependent child. You do not need a referral from a Primary Care Physician and may seek care directly from a Specialist, including a Physician who specializes in obstetrics or gynecology.

You may change your Network Primary Care Physician by calling the telephone number shown on your ID card or by going to www.myuhc.com. Changes are permitted once per month. Changes submitted on or before the last day of the month will be effective on the first day of the following month.

You can choose to receive Network Benefits or Out-of-Network Benefits.

Network Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider.

Out-of-Network Benefits apply when Covered Health Care Services are provided by an out-of-Network Physician or other out-of-Network provider within the state of Florida, or Covered Health Care Services are provided at an out-of-Network facility within the state of Florida.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits.*

Covered Health Care Services provided at Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits.*

Ground and Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits.*

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a Neighborhood Health Partnership, Inc. Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits.*

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Group, this *Schedule of Benefits* will control.

Does Prior Authorization Apply?

We require prior authorization for certain Covered Health Care Services. Network providers are responsible for obtaining prior authorization before they provide these services to you.

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card.

When you choose to receive certain Covered Health Care Services from out-of-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when an out-of-Network provider intends to admit you to a Network facility or to an out-of-Network facility or refers you to other Network or out-of-Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization. Services for which you are required to obtain prior authorization are shown in the *Schedule of Benefits* table within each Covered Health Care Service category.

To obtain prior authorization, call the telephone number on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to find out how far in advance you must obtain prior authorization.

For Covered Health Care Services that do not require you to obtain prior authorization, when you choose to receive services from out-of-Network providers we urge you to confirm with us that the services you plan to receive are Covered Health Care Services. This is because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Care Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Care Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those received, our final coverage determination will be changed to account for those differences, and we will only pay Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Care Service, you will be responsible for paying all charges and no Benefits will be paid.

Care Management

When you seek prior authorization as required, we will work with you to put in place the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 7: Coordination of Benefits.* You are not required to obtain authorization before receiving Covered Health Care Services.

What Will You Pay for Covered Health Care Services?

Benefits for Covered Health Care Services are described in the tables below.

Annual Deductibles are calculated on a calendar year basis.

Out-of-Pocket Limits are calculated on a calendar year basis.

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a calendar year basis unless otherwise specifically stated.

Payment Term And Description	**Amounts**
Annual Deductible	
The amount you pay for Covered Health Care Services per year before you are eligible to receive Benefits. Benefits for outpatient prescription drugs on the List of Preventive medications are not subject to payment of the Annual Deductible. Coupons: We may not permit certain coupons or offers from pharmaceutical manufacturers or an affiliate to apply to your Annual Deductible. Amounts paid toward the Annual Deductible for Covered Health Care Services that are subject to a visit or day limit will also be calculated against that maximum Benefit limit. As a result, the limited Benefit will be reduced by the number of days/visits used toward meeting the Annual Deductible. When a Covered Person was previously covered under a group policy that was replaced by the group Policy, any amount already applied to that annual deductible provision of the prior policy will apply to the Annual Deductible provision under the Policy. The amount that is applied to the Annual Deductible is calculated on the basis of the Allowed Amount or the Recognized Amount when applicable. The Annual Deductible does not include any amount that exceeds the Allowed Amount. Details about the way in which Allowed Amounts are determined appear at the end of the *Schedule of Benefits* table. The Annual Deductible does not include any applicable Per Occurrence Deductible.	***Network*** $750 per Covered Person, not to exceed $1,500 for all Covered Persons in a family. ***Out-of-Network*** $1,500 per Covered Person, not to exceed $3,000 for all Covered Persons in a family.

    - For services other than Pharmaceutical Products, we use a gap methodology established by *OptumInsight* and/or a third-party vendor that uses a relative value scale or the amount typically accepted by a provider for the same or similar service. The relative value scale may be based on the difficulty, time, work, risk, location, and resources of the service. If the relative value scale(s) currently in use become no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group.* Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.
    - For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS,* and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems, Thomson Reuters* (published in its *Red Book),* or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.
    - When a rate for a laboratory service is not published by *CMS* for the service and gap methodology does not apply to the service, the rate is based on the average amount negotiated with similar Network providers for the same or similar service.
    - When a rate for another service is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 80% of the provider's billed charge.

  We update the *CMS* published rate data on a regular basis when updated data from *CMS* becomes available. These updates are typically put in place within 30 to 90 days after *CMS* updates its data.

  IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at www.myuhc.com or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing (Co-payment, Co-insurance and applicable deductible) that would be no greater than if the service had been provided from a Network provider.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network

provider to get Network Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

Direct Access

Please note that you will not need a referral to access Covered Health Care Services from the following Network Physicians:

- Chiropractors.
- Dermatologists (after the first five visits, a referral may be required).
- Obstetricians.
- Gynecologists.
- Podiatrists.

You will not need a referral to access Covered Mental Health Care and Substance-Related and Addictive Disorder Services from a Network Physician.

Second Opinion

If you dispute our response or a Network Physician's opinion to the reasonableness or necessity of surgical procedures or you are subject to a serious Sickness, you may obtain a second opinion from one of the following:

- Network Physician listed in our provider directory or by going to www.myuhc.com or by calling the telephone number on your ID card.
- An out-of-Network Physician located within the state of Florida.
- In the case of a second opinion from a Network Physician, such second opinions are considered Covered Health Care Services. In the case of a second opinion from an out-of-Network Physician, Covered Health Care Services shall be limited to 60% of Allowed Amounts. If the out-of-Network Physician requires any tests during the second opinion process, you must have such tests performed by a Network provider.
- In the event that you seek more than three second opinion referrals in a year and we determine that you are unreasonably over-utilizing the second opinion privilege, we may deny reimbursement of expenses incurred after three referrals.

Designated Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, we may reimburse certain travel expenses.

In both cases, Network Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Network Benefits will not be paid. Out-of-Network Benefits may be available if the special needs services you receive are Covered Health Care Services for which Benefits are provided under the Policy.

Health Care Services from Out-of-Network Providers Paid as Network Benefits

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider.

Limitations on Selection of Providers

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Care Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you do not use the selected Network Physician, Covered Health Care Services will be paid as Out-of-Network Benefits.

Section 1: Accessing Pediatric Dental Services

Network and Out-of-Network Benefits

Network Benefits - these Benefits apply when you choose to obtain Covered Dental Services from a Network Dental Provider. You generally are required to pay less to the provider than you would pay for services from an out-of-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will you be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, you must obtain all Covered Dental Services directly from or through a Network Dental Provider.

You must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. You can check the participation status by contacting us and/or the provider. We can provide help in referring you to Network Dental Provider.

We will make available to you a *Directory of Network Dental Providers.* You can also call us at the number stated on your identification (ID) card to determine which providers participate in the Network.

Out-of-Network Benefits - these Benefits apply when you decide to obtain Covered Dental Services from out-of-Network Dental Providers. You generally are required to pay more to the provider than for Network Benefits. Out-of-Network Benefits are determined based on our contracted fee(s) for Covered Dental Services with a Network Dental Provider in the same geographic area for each Covered Dental Service. The actual charge made by an out-of-Network Dental Provider for a Covered Dental Service may exceed the contracted fee(s). You may be required to pay an out-of-Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee(s). When you obtain Covered Dental Services from out-of-Network Dental Providers, you must file a claim with us to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?

You are eligible for Benefits for Covered Dental Services listed in this Rider if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this Rider.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed $500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be given a benefit based on the less costly procedure.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for orthodontic services. Speak to your Dental Provider about obtaining a pre-authorization before Dental Services are provided. If you do not obtain a pre-authorization, we have a right to deny your claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

A. Necessary.

B. Provided by or under the direction of a Dental Provider.

C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be given a Benefit based on the least costly procedure.

D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this Rider.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between us and the provider rather than a percentage of the provider's billed charge. Our negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge you or us for any service or supply that is not Necessary as determined by us. If you agree to receive a service or supply that is not Necessary the Network provider may charge you. However, these charges will not be considered Covered Dental Services and Benefits will not be payable.

Out-of-Network Benefits:

Benefits for Allowed Dental Amounts from out-of-Network providers are determined as a percentage of the Usual and Customary fees. You must pay the amount by which the out-of-Network provider's billed charge exceeds the Allowed Dental Amount.

Annual Deductible

Benefits for pediatric Dental Services provided under this Rider are subject to the Annual Deductible stated in the *Schedule of Benefits,* unless otherwise specifically stated.

Out-of-Pocket Limit - any amount you pay in Co-insurance for pediatric Dental Services under this Rider applies to the Out-of-Pocket Limit stated in the *Schedule of Benefits.*

Benefits

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a calendar year basis unless otherwise specifically stated.

Section 4: Claims for Pediatric Dental Services

Reimbursement for Dental Services

You are responsible for sending a request for reimbursement to our office, on a form provided by or satisfactory to us.

- Covered Person's name and address.

- A diagnosis from the Dental Provider including a complete dental chart showing extractions, fillings or other dental services provided before the charge was incurred for the claim.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in *Section 9: Defined Terms* of the *Certificate:*

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Allowed Dental Amounts are our contracted fee(s) for Covered Dental Services with that provider.
- For Out-of-Network Benefits, when Covered Dental Services are received from Out-of-Network Dental Providers, Allowed Dental Amounts are the Usual and Customary fees, as defined below.

Covered Dental Service - a Dental Service or Dental Procedure for which Benefits are provided under this Rider.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to provide Dental Services, perform dental surgery or provide anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to a Covered

Person while the Policy is in effect, provided such care or treatment is recognized by us as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Necessary - Dental Services and supplies under this Rider which are determined by us through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Covered Person.
- Provided in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by us.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
    - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
    - Safe with promising efficacy
        - For treating a life threatening dental disease or condition.
        - Provided in a clinically controlled research setting.
        - Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health.*

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this Rider. The definition of Necessary used in this Rider relates only to Benefits under this Rider and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary - Usual and Customary fees are calculated by us based on available data resources of competitive fees in that geographic area.

Usual and Customary fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary fees are determined solely in accordance with our reimbursement policy guidelines. Our reimbursement policy guidelines are developed by us, in our discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology* (publication of the *American Dental Association).*
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that we accept.
